

Standish Parish Council
10 Kitchener Avenue
Gloucester
GL1 5EN

14/01/2018

Dear Keren

As you know, the Parish Council meets at the Village Hall on a monthly basis. We have had a few comments from guests and members of the public that attend the meetings that the room is extremely cold. This is also a problem for the councillors, of course. We would be grateful if the Village Hall Committee could review any steps that can be taken to address this problem. Due to the cold, we have decided to use the section of the main hall near the kitchen for some of our meetings during the winter. However, we have noticed that there is a problem with the partition doors between the main room and the kitchen and we are unable to shut them fully. We would be grateful if something could be done so that the doors can be closed.

Whilst writing, we would be grateful for an update on the question of installing a hearing loop in the Village Hall.

Thank you for your support

Kind regards

Clare Davies

Clerk to Standish Parish Council
