

Secretary's report 2018

During this year we have been disappointed to lose Maree and Mike Stephens following their move to pastures new. We are very grateful to them for their help during their terms of office. Den Smith has been co-opted onto the Committee as one replacement and we value all his local and historic knowledge. I have continued to represent the PCC and Stan Dicker, the Parish Council. We have been very grateful to welcome Jackie Knights to our meetings who has kindly stepped in to help Stan represent the Parish Council. He has been in failing health and not able to attend or contribute to the meetings as he would like. We therefore begin the AGM with at least one vacancy.

We continue to be a registered charity and all necessary returns have been made.

My main concern this year has been the ongoing saga of the lease of the downstairs offices. See separate report. This has been worrying and time consuming but hopefully it is now reaching a conclusion.
