

Accessibility statement for Standish Parish Council Website

This website is run by Standish Prish Council and Village Hall. We want as many people as possible to be able to use this website. For example, that means you should be able to:

- zoom in up to 200% without the text spilling off the screen
- navigate most of the website using just a keyboard
- navigate most of the website using speech recognition software
- listen to most of the website using a screen reader (including the most recent versions of JAWS, NVDA and VoiceOver)

We've also made the website text as simple as possible to understand.

Technical information about this website's accessibility

Standish Parish Council is committed to making its website accessible, in accordance with the Public Sector Bodies (Websites and Mobile Applications) (No. 2) Accessibility Regulations 2018.

This website is partially compliant with the [Web Content Accessibility Guidelines version 2.1](#) AA standard, due to non-accessible content listed below.

Non-accessible content

- some documents such as the Annual Governance Statement and Councillors' Register of Interests forms are not accessible as they have been scanned. [They have been published in this way because they are required to be published as a signed document]
- some documents may not be fully accessible, but are based on standard templates/documents provided, for example, by the district council or National Association of Local Councils.

Content that's not within the scope of the accessibility regulations

PDFs and other documents

Many of our older PDFs and Word documents don't meet accessibility standards – for example, they may not be structured so they're accessible to a screen reader. This doesn't meet WCAG 2.1 success criterion 4.1.2 (name, role value).

Some of our PDFs and Word documents are essential to providing our services. For example, we have PDFs with information on how users can access our services, and forms published as Word documents. By September 2020, we plan to either fix these or replace them with accessible HTML pages.

The accessibility regulations [don't require us to fix PDFs or other documents published before 23 September 2018](#) if they're not essential to providing our services. For example, we don't plan to fix [example of non-essential document – you could group them by saying, for example, “all minutes and agendas published before”].
